

Hackers wanted!

We are looking for experienced hackers to join our core team here in Innsbruck (also 100% remote possible).

Internship Penetration Testing & Security Consulting (m/f/d)

We are looking for interns with the following skills:

- Technical experience in the field of cybersecurity
- Experience with basic scripting languages such as Bash and/or Python
- Experience with at least one object-oriented programming language (Java, C++, C, etc.)
- Basic knowledge of operating systems and network security
- Strong interest in "cutting-edge" technologies and the right "hacker" mindset ("where can something break")
- Good analysis skills and being a team player
- Skills in writing and speaking in German and English

We offer you:

- Insights into a wide range of technologies, working on exciting and challenging projects at companies of all sizes and industries
- A thorough induction into the company and a personal mentor
- Expansion of your knowledge through active participation in penetration tests together with experienced colleagues
- The opportunity to get to know different areas such as penetration testing, source code audits and security consulting
- Great colleagues and team atmosphere
- Modern workplace environment
- Flexible working hours and home office arrangement
- Other employee benefits such as meal vouchers, free drinks and snacks

About us:

RootSys GmbH was founded by security experts with more than 15 years of experience in the field of information security. We provide high quality security services including penetration testing, code audits, security consulting in the field of AppSec, cryptography, cloud security and IoT / firmware.

You can expect an interesting and varied opportunity in an exciting environment, cooperation with partners from research and science as well as attractive development opportunities after the internship and a very collegial atmosphere.

For this position at 38.5 hours per week, a gross monthly salary of € 1,200.00 is provided. Of course, you will also enjoy our numerous employee benefits. The minimum duration for the internship is 6 months. Please send us your complete application documents (CV with photo, references, etc.) by e-mail to careers@rootsys.at.

We are looking forward hearing from you.
